The AFC's Corporate Partners will be treated to a member appreciation reception as well as a presentation on the work that has not been confirmed as of the release of this newsletter but will be announced in the AFC 2018 calendar shortly. The AFC has once again been challenged to manage this process and the current changes planned for the Uptown area. The date for this program is September 9. The AFC is more aggressively using technology to support our efforts in 2018!

As the AFC has grown Design LAB and implemented ambitious new programs like Doors Open OTR, we have become increasingly reliant upon the support of volunteers to make these program happen. In 2017, we had more than 300 volunteers give their time and energy to help plan and carry out our programs. The AFC wants to extend our THANKS to all who have volunteered to help the AFC increase its public outreach and make a difference in our community. We hope you will continue to support our efforts in 2018!
