celebrate together

4:00 CHECK-IN BEGINS IN THE GALLERY BUILDING
AT NEWPORT ON THE LEVEE

4:30 AWARDS CEREMONY

Opening remarks by Christen Lubbers and Ali Hubbard followed by the presentation of Design LAB's educator and volunteer of the year

dine & dash!

5:30 ARRIVE AT RESTAURANT #1

6:10 ARRIVE AT RESTAURANT #2

6:50 ARRIVE AT RESTAURANT #3

after party at the Levee

7:30 to 10:00 JOIN US AT THE BRIDGEVIEW BOX PARK

Enjoy delicious treats

Live music & good vibes served up by Push Play

The Bridgeview Box Park will be ours for the night and the bars will be open to pour your favorite libations. The student exhibit will be open to all guests, so be sure to check out the projects and cast your vote for People's Choice!

thanks for your support!

DESIGN LAB

LEARN + BUILD

please celebrate responsibly

With complimentary beverages all night, we ask that you celebrate responsibly and avoid driving if you have had too many drinks. There are plenty of options for getting home, including Uber.

getting around throughout the event

The best way to experience this event is by walking! We also recommend utilizing Gest Transportation, who has been hired to assist with this event. We just ask that you make sure your team leader knows if you leave the group.

TO USE GEST'S VEHICLES:

Download the app and request a ride or call the driver at 513.421.4378 to be picked up

You will travel together as groups and each group will have a leader - the leader will know where you are going next, but you will not know until you are leaving where you are currently. This is to ensure you can live in the moment and enjoy each restaurant fully. Groups are color coordinated for the night. Everyone will be joining together at the Bridgeview Box Park at the end of the restaurant tour.

We have already covered the costs of everything you will eat and drink, including gratuities. So don't worry about anything!

contact us

If you need anything throughout the night (i.e. if you get lost from your group or there is any kind of emergency), reach out to the Design LAB staff:

Christen Lubbers, 859.816.5858

Emily Storm, 513.746.0746

DESIGN LAB

LEARN + BUILD

**WITH YOUR GENEROUS SUPPORT, DESIGN LAB:
LEARN + BUILD IS COMMITTED TO SUPPORTING KEY
EDUCATIONAL PROGRAMMING IN OUR COMMUNITY**

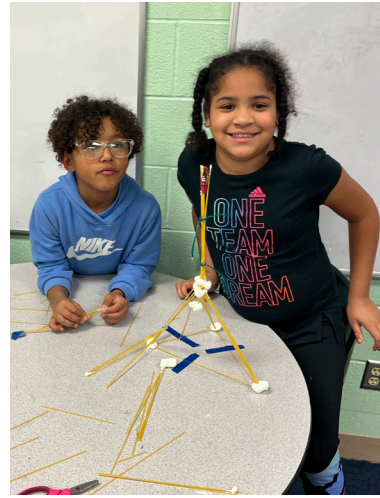

This evening's Dine with Design Event raises funds to support the educational programming offered by Design LAB, especially the K-8 Education Program, a school based program annually serving over 2,000 students community-wide.

Design LAB offers a free in-school program designed to broaden and deepen student awareness and understanding of design, architecture, and the built environment.

It creates an active partnership among educators, students, and professionals in the built environment.

The program offers hands-on, project-based learning focused on education and real-world solutions and provides teachers with a useful, imaginative tool to help meet education goals in core academic subject areas.

It teaches design thinking to students and helps them learn how to create and evaluate alternative ideas.

Dine with Design 2024 Celebrates:

**KELLIE DENNARD
TAYLOR TALUSKIE**

Each year, we have the honor of recognizing two outstanding individuals who bring exceptional value to our student education program. The educator and volunteer we chose to honor this year were obvious decisions and we are so excited to celebrate them.

Kellie Dennard, a middle school teacher at St. Boniface, brings Design LAB to three of her classes with the kind of energy that is infectious to all of the students she works with as well as the rest of us. When Kellie walks into her room, everyone can feel her warmth and excitement for her students and Design LAB. She is truly bringing this program to life for her students in a meaningful way that allows us to serve her students in a profound way.

Taylor Taluskie is an engineer at Terracon and also an active member of the Design LAB Committee. Taylor is the first to step up when needed and always goes the extra mile (or 50) for the program. Since becoming a volunteer, he has always taken on multiple classrooms and made an incredible impression on the students he works with. One of them even invited him to their eighth grade graduation. In a few years, he has become an integral part of the organization and we couldn't fulfill our mission as fully without Taylor on board.

other programming

CONSTRUCTION TOURS

Construction Tours give community members a chance to go behind the scenes of new builds, historic renovations, community spaces, and other significant projects. Attendees learn from industry leaders about the designs and building challenges they overcome to improve Cincinnati's built environment.

DRINKS WITH DESIGN

This new program introduces our community to architecturally, historically, sustainably built, or otherwise significant drinkeries in Cincinnati. Attendees have the ability to network with community members and industry professionals while learning about a new space and getting a taste of their provisions.

SEEK CINCY

A city-wide scavenger hunt that challenges young professionals to learn more about the rich history and significance of the Cincinnati area while competing for our coveted first-place prize! Dive further into the buildings, structures, and infrastructure in your community in this immersive competition.

THANKS TO NEWPORT ON THE LEVEE & NORTH AMERICAN PROPERTIES

Dine with Design and the Design LAB Student Exhibit would not be possible without our generous hosts at Newport on the Levee. We would like to extend a gigantic “thank you!” to everyone at the Levee and North American Properties for making this incredible week possible. The Levee has recently gone through a remodel and resurgence, and we hope that tonight will give you just a sample of what they have to offer the community!

On Saturday, the Gallery Building came to life with our students’ hard work and creativity. We hope everyone tonight gets the chance to experience the exhibit of over 100 models and see what our students have been up to since December. There is also a People’s Choice Vote that each of you can make for your favorite model! On Saturday, May 18th, our students will be here talking about their time in the program and their creative design-builds from 10am-noon, which will be followed by an Awards Ceremony. We hope some of you will be able to make it back to chat with them about all of the hard work and creativity they poured into this program!

HOFBRÄUHAUS NEWPORT

Hofbräuhaus Newport opened in 2003, proudly claiming its title as the very first genuine Hofbräuhaus in the United States. It is the ultimate destination for authentic Bavarian food, beer, and entertainment.

16 Lots Brewing Company offers craft beer, pub food, cocktails, and stunning views from its location on the Levee.

16 LOTS BREWING COMPANY

AMADOR CUBAN RESTAURANT

Amador Cuban Restaurant offers a piece of Cuban culture through expertly crafted cuisine, signature cocktails, coffee, and treats.

Wooden Cask Brewing Company crafts traditional Irish, Scottish, and English brews, creating a perfect match for Beards & Bellies' award-winning BBQ.

WOODEN CASK + BEARDS & BELLIES

PENSIVE DISTILLING

Pensive Distilling Co. offers spirits that are distilled and bottled on-site. They proudly serve local beers on tap and provide food that creates a warm and welcoming experience.

Pompilio's has been a Newport staple since it opened in 1933. While the times have changed, Pompilio's still offers traditional Italian fare for generations to celebrate together.

POMPILIO'S

BRIDGEVIEW BOX PARK

Bridgeview Box Park showcases gorgeous views of the Cincinnati skyline with delicious food and drink options, open-air seating, and outdoor games.

Peruse the exhibit and celebrate our student's hard work from the past 20 weeks! We know you'll be as impressed as we are with all of the creativity and passion they've poured into these models.
